➤ **Researches**

Tests of Hematic Cytomorphology

Complete hemogram

Erythrocyte sedimentation rate

Hemochemical Researches

Complete Lipidgram

Glycosylated

Hemoglobin

Microalbuminuria Test

Uric acid

Glycemia

TGP

TGO

Immunological Researches

Reactive qualitative Protein c

Researches in urine

Microalbuminuria

Cardiological Researches

Electrocardiogram

Simple Ergometric Test

Angiologic Researches

Index of Pressures

Neurophysiological Researches

Peripheral locomotor Neuroconduction (lower
members) Peripheral sensitive Neuroconduction
(lower members)

Imagery Researches

Simple thorax radiography

Echocardiogram (bi-dimensional, pressed Doppler, continuous and
color) Carotidal Echo - Doppler

Diagnostic ultrasound of upper abdomen
